- Making our partnership stronger

CIHI's Strategic Directions

Principles

Get the right data – in the right hands – with the right tools

- **CIHI Data Access**
 - Facility identifying pan-Canadian
- **At the Coal Face**
 - Local questions and customization
- **Supported by an Enterprise Architecture**
 - Integrated back end optimized for query and analysis of system
- **With User Friendly Tools**
 - Multiple entry points maximizing analytical standards and reuse
- **To Broaden Information Audience and Application**
 - Strengthen analytical capacity among virtual user community & get data in the hands of decision makers

The CIHI-CAPHC Partnership

- Based on three key agreements
- CAPHC Agreements to its Members
 - Establishes who is a CAPHC member
 - Establishes the basis of facility identifiable reports amongst CAPHC members
- CIHI-CAPHC Letter of Understanding
 - Establishes the CAPHC user pool
- CIHI Portal Service Agreements
 - Establishes institutions/health organizations as CIHI Portal Clients

The CIHI-CAPHC Partnership

Other important agreements/understandings

- Quebec Ministry of Health
 - Releasing Quebec morbidity data is outside the scope of our data sharing agreement with Quebec.
 - CIHI is working closely with its primary liaison in the province of Quebec to acquire the necessary permissions to move forward.
 - Highlighting the importance acquiring these enhanced permissions within Quebec is a great help as we communicate with Quebec officials.

Lessons Learned

- Validation that Portal improves data quality
 - Open discussions on inter- and intra-provincial coding variations
- Identification and Development of critical reports that all clients need to see to get immediate return on investment
 - Benchmarks, existing CIHI reports etc.

Lessons Learned

Our partnership is a constant & continual evolution

Making the Partnership Stronger

- Completing the CAPHC Annual Report
- Open year DAD
 - Timeliness of data
- Addition of 05/06 DAD data imminent
- Moving towards “universal” ICD-10-CA
- Exploring timelines for bilingual Portal offer
- Exploring timelines for the addition of MIS

Making the Partnership Stronger

Other interesting additions in the coming months

- GIS Mapping
 - Integrated discovery and display
- Neighbourhood demographic data
 - Socio economic characteristics
- Facility peer comparators
 - Organization index; across data holdings
