

Finding Our Way Back Home: A National Resource on Promising Transition Practices

Overview of Project

RESPONDING TO A CALL!!!

Project Overview

➤ **At the annual CAPHC conference in October 2005, health professionals and families contributed to the workshop entitled -**

“Bridging the Divide between Health Centres and the Community-Child and Youth Health Services Across the Continuum”

At the 2005 Workshop in Newfoundland....

- We explored continuity of care and integrated services for children and youth with complex health care needs.
- **As a first step**, recommendations from the workshop stressed the need to:
 - Identify best and/or most promising practices,
 - Enhance knowledge transfer across sectors, the various levels of care, regions, to health providers and families, and
 - **Ultimately** – Bring about system-wide changes to better ensure continuity of care for all families.

Reaching our Goals - The Importance of Communication and Partnerships!!

- Partnership with Bell Canada- Cheryl Burwash and Lisa Banks!!!
- Partnership with Charlotte Rosenbaum, Dennise Albrecht and Andre Gitard!!!
- Partnership with CFAN!!!
- Partnerships with our child and youth health community colleagues from Coast-to-Coast!!!
- Partnerships with leaders in the fields – Beverley Antle, Peter Lévesque, Peter Rosenbaum, and Karen Spalding!!!!
