

May 29, 2006

Dear CAPHC colleagues,

Thank you very much to all for taking time out of your busy schedule to complete this National Survey. I received a great response across the country. Elaine Orrbine deserves a special "Thank You" for facilitating this process.

As a member of CAPHC from the Children's Hospital of Eastern Ontario, the data collected provided me with a better understanding of the capacity and utilization of pathways across pediatric and related health organizations across Canada.

These data will be presented at a UK conference "Integrated Care Pathways" in June 2006 and will be submitted as a poster abstract for the upcoming CAPHC Annual Meeting in the fall 2006 in Vancouver. The results of the survey can also be found on the CAPHC website. All participating centres will be acknowledged.

If you have questions or concerns, please feel free to contact me. I look forward to hearing from you.

Your participation and collaboration were greatly appreciated!

Sincerely,

*Louise Martin*
