

Canadian Association of Paediatric Health Centres (CAPHC)  
c/o Doug Maynard, RRT, MBA  
Associate Director  
104-2141 Thurston Dr.  
Ottawa, ON K1G 6C9

Dear CAPHC,

The Hospital for Sick Children in Toronto, would like to send an inquiry to all CAPHC members regarding Mental Health Planning for Children and Youth.

We have provided you with some background information and a brief survey that you can share with CAPHC members.

As we are all aware, child and youth mental health in Canada is a serious situation of concern. The Hospital for Sick Children has undertaken a planning process for the enhancement of the mental health system for children and youth. The goal is to develop a strategic focus for mental health at Sick Kids. We would like to get a sense of what other paediatric centers across Canada are doing in this regard and we would be happy to share the results.

Your participation and feedback are extremely important and we would greatly appreciate if you could complete this survey and return it by June 15, 2008, to Chris Carew at the following email address – [chris.carew@sickkids.ca](mailto:chris.carew@sickkids.ca) Please contact us at the number below should you have any questions regarding our survey.

Regards,

Christopher Carew  
Director, Child Health Systems  
Child Health Services
