

Child Health 21st Century: The Role of the Pediatrician in An Inter-Professional Environment

Day 2

Jonathan B. Kronick

Halifax, NS

November 18, 2006

Child Health 21st Century: The Role of the Pediatrician in An Inter- Professional Environment

- Reflections on Day 1
 - Energy and desire to change
 - Much “self criticism”, yet many things are done well
 - Let’s celebrate what is working, progress that has been made and
 - Work hard together to improve what needs improvement
 - Advocacy
 - Inter-professional models of care
 - Education
 - Other

Child Health 21st Century: The Role of the Pediatrician in An Inter- Professional Environment

- Challenge for today
 - Develop recommendations/Actions
 - Attainable, and in 12-24 months
 - Milestones and reporting
 - Measurable
 - Identify who is to take the lead, be the “champion”
 - In four domains:
 - Advocacy
 - Inter-professional models of care
 - Education
 - Other

Child Health 21st Century: The Role of the Pediatrician in An Inter- Professional Environment

- Challenge for today
 - **Develop recommendations/Actions**
 - Attainable, and in 12-24 months
 - Milestones and reporting
 - Measurable
 - Identify who is to take the lead, be the “champion”
 - **Children/youth & family in the centre**
 - Evidence based, best practice

Child Health 21st Century: The Role of the Pediatrician in An Inter- Professional Environment

- Challenge for today

- Develop recommendations/Actions

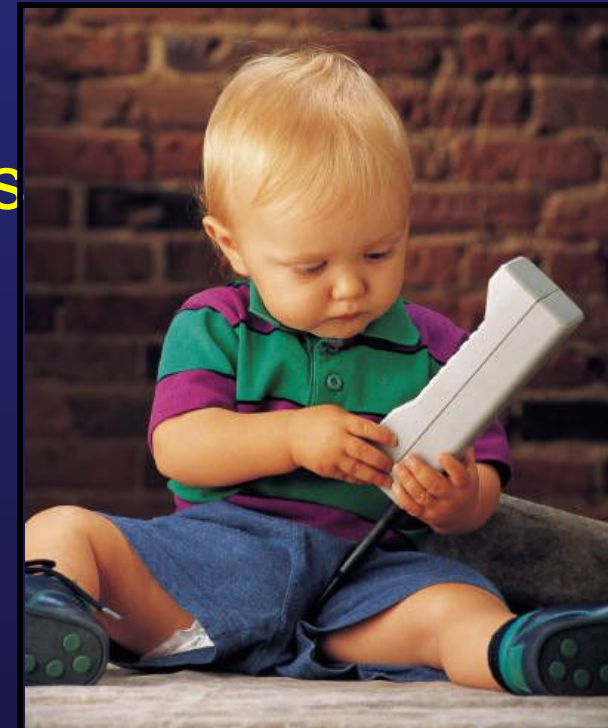

- Focus on the role of the pediatrician
- I suggest that the sponsors consider how they can “own” or “share” some of the recommendations

- CPS
- CAPHC
- PCC
- Public Health Agency
- Health Canada

Child Health 21st Century: The Role of the Pediatrician in An Inter- Professional Environment

- Challenge for today
 - Develop recommendations/Actions
 - In order to do this the schedule has been changed
 - New Breakout questions focusing on recommendations
 - Theme #4 moved to this morning after the break, then Breakout sessions

Child Health 21st Century: The Role of the Pediatrician in An Inter- Professional Environment

Yesterday's most important objective is today's objective :

Developing recommendations & defining next steps for dissemination of recommendations to facilitate action and inform policy makers and planners

Child Health 21st Century: The Role of the Pediatrician in An Inter- Professional Environment

Child Health 21st Century: The Role of the Pediatrician in An Inter- Professional Environment
