

Self Efficacy & Packard Children's Hospital's Parent Mentor Experience

Monday March 23, 2009: 2 pm to 3 pm

Location: Alberta Children's Hospital Auditorium

(also available via videoconference)

- **Dr. Karen Wayman, PhD**
Director of Family Centred Care, Packard Children's Hospital
Stanford School of Medicine
- **Michele Ashland, Lead Parent, Packard Children's Hospital**

Hosted by: Troy Stooke, MEDes, BSW, RSW, Family to Family Connections Coordinator,
Family & Community Resource Centre.

Participants will

- Understand critical program components (recruiting, screening, training, reporting, supervision).
- Identify how this model contributes to family centred care partnerships outcomes. (e.g. families better prepared for visits with health care team members; system validates parent perspectives)
- Explore evidence based benefits, and challenges of implementing a successful parent mentor program.

This session is being offered by Telehealth (Videoconference). Outside of the Calgary Health Region, please contact your local Telehealth Coordinator to request a site connection.

Within the Calgary Health Region, submit an online Telehealth Booking request to the Telehealth Department, or email: telehealth.support@albertahealthservices.ca

Visit the Southern Alberta Child & Youth Health Network Education Calendar at www.sacyhn.ca Click on Education Calendar, then Professional Opportunities - Telehealth. Poster, handouts and evaluation are posted and can be printed for distribution and individual use.
